

TABLE OF CONTENTS

Preface	1
Part I:	
The Concepts of Market Power and Market Manipulation	
Chapter 1	
Introduction	5
The California Crisis – A Market Experiment in Shambles	5
A New Era of Market Manipulation.	6
The Purpose and Plan of this Book.	8
Chapter 2	
Market Power and Market Manipulation: Definitions and Comparison . . .	11
Definitions of Market Power and Market Manipulation	11
Market Power	12
Market Manipulation	14
The Role of Intent	17
Distinguishing Between Market Power and Market Manipulation.	18
Noncompetitive Prices versus “Artificial” or Fraudulent Prices	21
Chapter 3	
Issues in Identifying and Diagnosing Market Power in	
Electric Power Markets	23
Special Features of Electricity Supply and Demand and	
Their Implications for Market Power and Manipulation	23
Unique Features of Electricity Supply	23
Unique Features of Electricity Demand.	27
Implications for Defining Electric Power Markets	31
<i>Product Market Definition</i>	31
Geographic Market Definition	33
Other Market Power Related Issues	35
<i>Supplier Entry</i>	35
<i>Information Availability and Repeat Games</i>	35
Identifying Market Power in Wholesale Electricity Markets	36
Structural Approaches.	36
<i>The Herfindahl-Hirschman Index (HHI)</i>	37
<i>The Pivotal Supplier Index (PSI)</i>	38

Performance-Based Measures	40
<i>Scarcity's Effect on Markets</i>	41
<i>Scarcity in California's Market Design</i>	45
Conduct-Based Measures	46

**Part II:
Market Power and Manipulation
in the Western Crisis**

Chapter 4

Overview of the California Markets and the Western Power Crisis	47
Establishment of the California Markets	47
Basic Operations of PX and CAISO Markets	50
The Power Exchange (PX)	50
The California Independent System Operator (CAISO)	52
<i>CAISO Transmission Markets</i>	53
<i>CAISO Ancillary Services Markets</i>	54
<i>CAISO Imbalance Energy Market</i>	55
Issues in the First Two Years of Operation.	57
The Crisis—Phase I (May 2000-December 2000)	60
The Crisis—Phase II (January 2001 through June 2001).	64

Chapter 5

Litigation History	71
Phase I	71
August 23, 2000 Order.	72
Commission's Initial Attempt to Quell the Crisis: The Orders in November and December, 2000	75
Market Collapse.	78
The Commission Restores Order to the Markets: The Orders of April and June 2001	79
Phase 2	83
The Enron Orders	86
<i>The Gaming Order</i>	87
<i>The Enron MBR Revocation Order</i>	88
Ninth Circuit Remands.	90
<i>Proceedings under the CPUC Remand</i>	91
<i>Proceedings under the Puget Remand</i>	92

Chapter 6

Market Power vs Scarcity in the California Crisis	99
Market Definition	100
The Relevant Product Markets	100
Relevant Geographic Markets	106
Structural Test Case Studies	109
FERC’s Hub-and-Spoke Test	109
Pivotal Supplier Tests	111
Other Views of PSI Tests	116
Conduct-Based Tests and “Two-Stage” Withholding	117
Two-Stage Withholding Mechanism	117
<i>Withdrawals from the Day-Ahead Market</i>	120
<i>Real-Time Withholding</i>	122
Withholding Via High (Anomalous) Bidding	125
Separating Undue Market Power from Efficient Scarcity	129
Sellers’ Objections to Our Market Power Tests	129
Viewing Scarcity From a Long-Term Perspective	131
The FERC’s Ruling On Scarcity vs. Market Power	132

Appendix 6A

Adjustments of Data to Reflect Proper Market Size in Pivotal Supplier Index Tests and an Example	135
Imports	135
Inclusion of Uninstructed Generation	135
Inclusion of False Load	136
Example of PSI Calculation.	136

Appendix 6B

Capital Cost Recovery and Scarcity Rents	138
---	------------

Appendix 6C

An Example of Two-Stage Withholding	140
--	------------

Chapter 7

Fraud-Based Manipulation Strategies During the Crisis145
Enron Manipulation145
Fraudulent Entry into the RT Energy and Ancillary Services Markets.145
<i>Ricochet and False Export.</i>147
<i>False Export Analysis and Evidence.</i>152
<i>Fat Boy</i>158
<i>Analysis of Fat Boy Transactions</i>161
Fraudulent Collection of Congestion Revenues.165
<i>Death Star/Circular Scheduling.</i>165
<i>Death Star Analyses.</i>168
<i>Cut Schedules.</i>169
<i>Load Shift.</i>169
<i>Analysis of Load Shift.</i>171
<i>Fraudulent Sales of Ancillary Services/Get Shorty.</i>172
<i>Analysis of Fraudulent Ancillary Services Sales.</i>174
Appendix 7-1176

Chapter 8

Regulatory Handicaps Then and Now177
Vagueness: Manipulation versus Pornography178
Tariffs vs General Prescriptions.180
Weaknesses in Statutory Authority.183
Current Challenges185

Part III

New Developments in Market Manipulation

Chapter 9

Market Power and Manipulation: A New Conceptual Framework189
Manipulation Triggers192
<i>Market Power—Extensions Outside of the Primary Market.</i>192
<i>Traditional (or Outright) Fraud—Recognized in Common Law.</i>194
<i>Uneconomic Trading—Can Be Seen as “Transactional Fraud”</i>194
Manipulation Targets198
<i>Financial Derivatives Contracts.</i>199
<i>Physical Positions “Traded at Settlement” or “at Index”</i>200
<i>Other Positions</i>201
Manipulation Nexuses.202
<i>Market Features That Affect the Incentive to Manipulate.</i>203
Avoiding False Positives and the Presumption of Legitimate Trading205

Chapter 10

Implementation of the Framework in Practice207
The Proof (or Disproof) of Suspected Manipulative Behavior208
The Evaluation of Intent210
The Detection of Potentially Manipulative Behavior211
Informational Asymmetries and Challenges212
Using the Framework to Investigate Specific Allegations213
Using the Framework as “Clean-Sheet” Processes to Detect Potentially Manipulative Behavior214
<i>Stratification of the Rolled-Up Trading Data</i>	<i>.216</i>
<i>Application of the Framework to the Stratified Triggers and Targets</i>	<i>.216</i>

Chapter 11

Recent Enforcement Actions and Their Links to The Framework219
Uneconomic Trading221
<i>Index Manipulations</i>	<i>.221</i>
<i>Amaranth Advisors LLC (Amaranth) and Brian Hunter</i>	<i>.222</i>
<i>Barclays Bank PLC, et al. (Barclays)</i>	<i>.225</i>
<i>BP America Inc., et al. (BP).</i>	<i>.226</i>
<i>Optiver US, LLC, et al. (Optiver)</i>	<i>.228</i>
<i>Energy Transfer Partners, L.P., et al. (ETP)</i>	<i>.229</i>
<i>In the Matter of Anthony DiPlacido (DiPlacido).</i>	<i>.230</i>
Auction Manipulations231
<i>Constellation Energy Commodities Group, Inc. (Constellation).</i>	<i>.231</i>
<i>Deutsche Bank Energy Trading (DBET)</i>	<i>.233</i>
<i>Inefficient Dispatch: J.P. Morgan Ventures Energy Corp. (JPM)</i>	<i>.238</i>
Manipulation Triggered by the Exercise of Market Power239
<i>KeySpan-Ravenswood, et al. (KeySpan).</i>	<i>.240</i>
<i>Parnon Energy Inc., et al. (Parnon)</i>	<i>.244</i>
<i>E.ON SE (E.ON)</i>	<i>.245</i>
Manipulation Triggered by Outright Fraud246
<i>Demand Response Manipulation: Rumford Paper Company (Rumford) and Others.</i>	<i>.247</i>
<i>Circular Scheduling: Gila River Power, LLC (Gila River)</i>	<i>.249</i>

Chapter 12

Conclusion251
GLOSSARY OF TERMS255
Bibliography269
